SpendMend Pharmacy 340B Referral Capture

SpendMend Pharmacy, leveraging the expertise of Turnkey Pharmacy Solutions, utilizes over a decade of experience to ensure your referral captures will meet compliance testing during a HRSA audit.

Our team of experts identifies existing referral capture opportunities, while capturing new opportunities as well. Our team documents all the necessary elements needed to meet HRSA auditor expectations so you will never be at risk of financial payback to manufacturers. The net result is additional savings for your organization in a compliant manner.

How 340B Referral Capture Works

Why Should You Use The SpendMend Pharmacy 340B Referral Capture Service?

- HRSA audits are critical, and you can't afford to risk non-compliance
- With our HRSA audit experience, we can quickly recognize compliant referrals
- Our staff conducts the health record search, so your team can focus on their tasks
- Every referral captured has the documentation needed to pass a HRSA audit

Why Is 340B Compliance Important?

The 340B Program requires drug manufacturers to sell outpatient drugs at a discount to CE's for their drugs to be covered by Medicaid. HHS and HRSA administer the program and oversee program compliance through annual audits, among other efforts.

If an audit identifies noncompliance issues, HRSA requires corrective action to continue in the 340B Program. Maintaining participation in the program can earn pharmacies a range of 20-50% savings on annual drug costs.

Benefits of 340B Referral Capture

Earn significant savings opportunity on drug purchases

Leverage 250 combined years of 340B experience

Maintain uninterrupted participation in 340B Program

Stay knowledgeable on ongoing HRSA audit changes

*"SpendMend Referral Capture presents all of our referral capture savings in one simple report," states **Mat Slaybaugh, CEO at Garfield Memorial Hospital**, "The solution has helped us to easily identify potentially eligible referrals while capturing additional 340B savings without adding additional work or integrations."*
